Mr White sits down, while he waits for his burger he sees a poor man on the side of the road.

Mr White: Hmmmm...

Mr White looks in his wallet, Haha! I can give him my only cash left because I'm not buying anything right now!

But he was wrong...

He gives the old poor guy his 20\$ bill

Mr White: Have a good day chap!

Poor old man: Tank you terry much!

Mr White winks he goes back into Mc Donalds.

Mr White: Oh flip!

The Poor old man is walking inside to order his burger he has wanted to eat for 3 years now, But Mr White needs his lunch...

Poor Old Man: One mini nac please!

Counter Attendant: One mini mac!

Chef: Coming right up!

Mr White looks in the old man's pocket to see the 20\$ bill. He replaces it with a 5\$ bill (mini mac costs 10\$, 2 = 15\$ special)

Mr White whispers to himself: Oh goodie!

The old man walks to a table and sits down. Mr White goes to the counter attendant...

Mr White: Sorry!

Counter Attendant: No problem! 15\$ please.

Mr White pulls out his 20\$ bill and hands it to the counter attendant. Counter Attendant then gives to mini mac's to Mr White.

Mr White: Thank you!

Counter Attendant: Order 153! mini mac!

Old Man: Oh good! So hungry...

The old man looks in his pocket to find a 5\$ bill...

Old man: Oh dear! I only have 5\$...

Counter Attendant: The mini mac is 5\$ for 2!

Old man: Really?

Mr White: !?

Mr White looks inside his box to see 6 mini mac's

Mr White: !!!!!!!!! What?! I ordered 2!!!

He then sees a beautiful woman walk past him.

Mr White thinks...

Mr White: Hmm... Maybe I could have lunch with her?

Mr White is walking to her (Still in a white tuxedo) and then she sits down with another man.

Mr White: Damn! I can't eat all of these!

Mr White is now super hungry and walks back to his car. In his car he looks out the window to notice that it is now 12:36 (Lunch)

Mr White: Hmmm! Delicious! He eats one, two, three, four, five and finally six!

Mr White ate six mini mac's! He then feels very sleepy but awakens to see that there is a Arcade and Food Court.

Mr White: Lets go check it out...

Giant Poster with lights: Arcade!

Mr White: I really want to find the Fortnite section.

Mr White walks past Pac-Man and Donkey Kong past Minecraft and Battlefield past Lego Worlds and finally, He finds Fortnite...

Mr White: Wait... There is Arcade Fortnite, Xbox and PS4 Fortnite and VR Fortnite?! Let's try VR Fortnite...

Token Machine: Roll-Up Roll-Up! Get your tokens!!

Mr White: There we go! Hmmm... Arcade tokens are 20 cents each Xbox are 2\$ and VR... IS 10\$!?! I only have 9\$ (34,19\$ - 14,00\$ - 5,00\$ = 9,19\$)

Well if I buy Arcade tokens it will give me 45 tokens but if I buy Xbox tokens it will give me 8... I'm going to buy 45 so I can have 45 turns.

Token Machine: Tokens 45!

45 tokens come out of the machine and Mr White realises he has no place to keep them, so he puts all the tokens in his shirt and wraps it over. He starts walking to the Fortnite Arcade very slowly but two of them were taken and one was left.

Mr White: Thank goodness!

He gets to the machine only to be greeted by: This machine is out of order.

Mr White: FIRSTLY I LOSE 100,000\$ SECONDLY I HAVE NO MONEY EVEN FOR LUNCH AND THIRDLY THE FORTNITE ARCADE MACHINE ISN'T WORKING!!

Everyone stares.

Mr White: Sorry, Having a bad day.

Mr White walks out embarrassed and angry. Then he sees something that will change his life forever.

He walks in to... the... Brick à Brack stop-motion studio!

Mr White: :O Awesome!

Mr White looks around to see some animators in progress.

Mr White: Who are you?

Mr Minideliciouspant: I am Mr Minideliciouspant on YouTube they call me minideliciouspant.

Mr White: Do you make animations?

Mr Minideliciouspant: I sure do!

Mr White: Gonna go see some other animators!

Mr Minideliciouspant: Catch you around.

Mr White walks over to a studio and looks at everything.

Mr White: Hmm, Looks awesome!

Mr White starts a brickfilm where he stays up all night watching Ant-Man and Jurassic World, then he has an argument with his neighbour, then goes to the casino meets his friend, wins the lottery, gets knocked out. Two gangsters get-away and shake the police off and we annoy a mom. I go to Mc Donalds, give cash to a poor man, can't pay for my meal, I steal it back. Then by mistake get 6 mini mac's instead of 2. Try to have lunch with a fancy lady. She already is having lunch. He goes arcading, he finds Fortnite but can't play it in VR. Buy's 45 tokens. But there are 3 arcade machines 2 are being used and the other doesn't work. He then finds... Brick à Brack! and makes an epic first animation.

Mr White: Now that, was fun!

He then receives a call that they caught the gangsters and his 100,000\$ are in his bank account. Mr White, (feeling relieved) Goes home to play on his new Fortnite Arcade Machine! (in his white tuxedo.)
